### FUNCTIONALITY

#### Beginning of the term:

At the initial valuation date the **closing price** of the STOXX® Europe ESG Leaders Select 30 index is determined as starting value and the cap (140% of the starting value) is fixed.

#### End of the term:

At the end of the term, the performance of the STOXX® Europe ESG Leaders Select 30 index is evaluated. The index starting value is compared to the index closing price at the final valuation date (December 19, 2029). Investors participate at 100% in the performance of the underlying index up to the cap of 140% of the starting value. Thus, the maximum payout is limited to EUR 1,400 per nominal value. In case of a negative performance of the STOXX® Europe ESG Leaders Select 30 index, the capital protection of 100% applies.

The **100% capital protection** by Raiffeisen Centrobank only applies at maturity, i.e. during the term the certificate price may drop below 100%, but at the end of the term the investor obtains 100% of the nominal value in the worst case.
