Please note:

- 100% of the nominal amount will in any case be paid out at maturity; during the term, the price may fall below the issue price or the capital protection level.
- The maximum repayment is limited to 140% (of the nominal amount).
- Loss of purchasing power due to inflation is not offset by the capital protection.

Issuer risk / creditor participation: Certificates are not covered by the deposit protection system. There is a risk that Raiffeisen Bank International AG may not be able to meet its payment obligations due to insolvency (issuer risk) or any official orders ("bail-in"). In such cases, the invested capital may be lost in full.

Since the beginning of 2015, the ECB has been pursuing its quantitative easing programme aimed at pouring money into the economy, achieving a 2% inflation target and stimulating economic growth in the Eurozone. As incentives for economic growth have not yet produced the desired outcome, the programme will be expanded as from June 2016 to include corporate bonds. The resultant easing of capital costs should offer leeway for European companies to focus on growth and open up positive prospects for their share prices.

The Europe Dividend Stocks Winner 2 offers an attractive investment opportunity for security-oriented investors who expect European dividend stocks to post at least a moderate rise within the forthcoming years, and who also wish their investment to be 100% capital protected at the end of the term. In addition to the capital protection, the certificate provides for a 100% participation in the positive performance of the underlying EURO STOXX® Select Dividend 30 index until the cap of 140%.

The index comprises 30 high dividend yielding blue chips from all major Eurozone industries. The certificate links security through 100% capital protection with a sound revenue potential. For details on risks and opportunities please see the following page. The certificate has a term of eight years.

FUNCTIONALITY

Beginning of the term:

At the initial valuation date the **starting value** of the EURO STOXX® Select Dividend 30 index (closing price as of Jul 19, 2016) and the cap (140% of the starting value) are determined.

End of the term:

At the end of the term, the performance of the EURO STOXX® Select Dividend 30 index is determined. Therefore, the index starting value is compared to the index closing price at the final valuation date (Jul 18, 2024). In case the performance of the index is positive, it will be paid out **in addition to the capital protection of 100%** at the maturity date. The cap of 140% of the index' starting value represents the maximum amount (equals EUR 1,400 per nominal value). In case that the EURO STOXX® Select Dividend 30 index shows a **negative** performance compared the starting value at the end of the term, the capital protection of 100% applies.

At the end of the term the investment is **100% capital protected** by Raiffeisen Centrobank, i.e. during the term price fluctuations may occur, but at the end of the term the investor obtains 100% of the nominal value in any case.

OPPORTUNITIES

- The Guarantee Certificate enables investors who do not wish to invest into single shares to participate in the performance of a diversified European index.
- The Guarantee Certificate Europe Dividend Stocks Winner 2 is 100% capital protected at the end of the term, i.e. at the end of the term (July 2024) the investor obtains at least the nominal value.
- Flexibility through permanent secondary market, no management fees.

RISKS

- In case the index performance of the EURO STOXX® Select Dividend 30 index is not positive, the investor obtains no yield.
- During the term the price of the certificate may drop below 100%; the capital protection applies exclusively at the end of the term. Loss of value due to inflation is not covered by the capital protection.
- Redemption is dependent on the solvency of Raiffeisen Centrobank (issuer risk). In case of insolvency of the issuer the investor may incur a total loss.
