DESCRIPTION

The AXA Express 7 certificate provides the opportunity for early redemption each year and enables investors to obtain a profit of 12% per year if the price of the AXA share quotes at or above the termination level. In case the share price quotes below the respective termination level, the term will be extended by another year - up to a maximum of 5 years. If the barrier is violated at the end of the term, the investor is entirely subject to market risk and physical delivery of AXA shares is effected.

This certificates complies with the sustainability standard for Raiffeisen Certificates and takes into account important adverse impacts on sustainability factors ("PAIs").
